Subject: B Sample Results- Tischenko Evgeny VS Leon Harth

Dear Tischenko,

We hope this letter finds you well, albeit we understand the circumstances may be challenging for you.

We regret to inform you that the results of the Sample B analysis, conducted following the WBA Bridgerweight contest held on December 9th, 2023, at Agenda Arena, Dubai, UAE, have returned with adverse findings. The doping test conducted on December 20, 2023, after your bout against Leon Harth, has confirmed the presence of prohibited substances.

As per our regulations and protocols, we will promptly notify the event promoter of these findings. With both Sample A and Sample B returning positive results, we have no choice but to uphold the initial ruling.

In accordance with our regulations, you are hereby suspended from all professional boxing competitions for a period of one year (from the date 9th Dec 2023 to 9th Dec 2024), effective immediately. This suspension is a consequence of the confirmed doping violation resulting from the adverse findings of both Sample A and Sample B.

Furthermore, should you choose to return to the sport following the completion of your suspension period, you will be required to undergo mandatory drug testing before being eligible to participate in any professional boxing events.

We understand the gravity of this situation and its implications for your career. However, it is imperative for us to uphold the integrity and fairness of the sport of boxing by enforcing strict anti-doping measures.

Please be advised that this ruling will be communicated to relevant authorities, including Boxrec, the Association of Boxing Commissions, and the WBA.

Should you have any questions or require further clarification regarding this matter, please do not hesitate to contact us.

Sincerely,

Thanks, and regards,

JOSE MOHAN
